TO: Construction Code Commission

FROM: Henry L. Green

HLG

SUBJECT: Commission Interpretation Regarding Acceptance of Building Inspector Experience for Registration or Re-Registration Applications

It is my recommendation that the Commission adopt the following interpretation of building inspector experience for purposes of Inspector Registration under PA 54:

Building inspector experience will be considered as construction related experience as referenced in Section 2(j) of PA 54 of 1986 if a minimum of 3 years of experience as a registered building inspector plus one year of construction experience which meets the intent of Rule 37 is obtained within the last 6 years or a combination of 4 years experience thereof immediately preceding the date of application for registration.

Staff will follow this interpretation when reviewing applications for registration under PA 54.
